
Level 2 Training - Award Delivery Training Workshop

- The Level 2 ‘Delivering the Award’ workshop is a core component of the training framework, and it delivers more advanced learning to build on the knowledge gained during Level 1. It also provides in-depth guidance on the requirements of the Adventurous Journey section. Please be kindly reminded that if you have not finished Level 1, you are not allowed to attend Level 2.
- Successful completion of the Level 2 ‘Delivering the Award’ workshop is mandatory for adults wishing to perform the roles of Award Leader, Award Coordinator, Adventurous Journey Supervisor, Adventurous Journey Assessor or Award Verifier, and who have not been previously trained. Minimum of 2 Award team members are required to be fully trained to start award delivery properly. Award Centers are recommended to adjust training demand based on the ratio 20:1 (20 participants: 1 certified Award Leader).
