

## **Code of Practice**

There are three criteria to which all Award licence holders must adhere, outlined as below:

1. Maintain comparable standards of operating practice as advised by The Duke of Edinburgh's International Award China NAO.
2. Manage the Award fairly and impartially in all respects.
3. Ensure that the Award is open to all, subject to the age parameters.

All operators and deliverers of the Award must comply with Code of Practice.
